Formality in responses to the population must be definitively banished, going to the bottom of matters and, whenever possible, face to face. It is not just about listening and recording every complaint or statement. It is about responding effectively and without delay, whenever possible, with a solution. " Words delivered by our President of the Republic, Miguel Díaz Canel Bermúdez, at the closing of the VI Ordinary Period of Sessions of the National Assembly of People's Power, in its IX Legislature, at the Convention Center, on the 17th of the current month and that They motivate managers and workers of the Business Unit for the Aqueduct and Sewerage Base in Imías, who carry out an investment with an amount that exceeds \$120,000 in the Pueblo Nuevo community, in the midst of the complex economic situation in the country.

They work with passion, for the love of the people and with the desire to solve the problems that affect this community. They improve the water supply service by eliminating the leaks in the

Work with firmness, unity and coherence.

are an area due to the deterioration of the Conductors, Networks and Connections. They work day and night. Everyone contributes, and even the drivers add up. The sense of belonging is evident. This is how true public servants are!

Henry Suarez Machado, director of the UEB in the territory, tells us that the work is 60% complete, which will benefit more than 1500 people in Pueblo Nuevo, while providing a solution to the supply of water through networks to the 186 inhabitants of Recta Sandino, installing a conduit with connection for each house, who currently receive water in pipes, every 15 days. He adds that it is the best gift they can offer to the people of Imías and that their motivation to complete the rehabilitation is in the celebration of the 62 years of the Revolution.
